SARL with a capital of 10 000 Euros, specialized in research and innovation of services

Subject: Satisfaction letter

MEYLAN, 14/08/2018,

Dear Sir or Madam

I, Julien Cartier, Director of BC Research, declare that I had the opportunity to work with Emmanuel Orchanian during his internship at the Aries School.

In this context, I have concretely appreciated the qualities and skills of Mr Orchanian:

- Rigour
- Professionalism
- Follow-up of the planning
- Autonomy in the search for problem solving (many, within the framework of the mission entrusted to us, since it was a question of reflecting on a new form of geo-delivery of files, innovative and de facto use, not common, leading to the invention and creation of original solutions)

In addition, Emmanuel Orchanian demonstrates relevant interpersonal skills to integrate easily into a company:

- Listen
- Discretion
- Respect

For these reasons, I strongly recommend the use of Emmanuel Orchanian in a professional setting.

I remain at the disposal of potential recruiters to make a more complete feedback on Mr Orchanian's profile at 07 81 58 58 50 41 or jlncartier@bcrecherches.com

With kind regards

Julien Cartier
